Forecast for Wednesday 08 Feb 2023

Weather: Mainly no significant cloud early morning, although a few mist and freezing fog patches possible in the valleys. This clearing during the morning to leave a bright day with sunny spells. Lowering cloud with outbreaks of rain later in the evening, wintry over the summits.

Chance of cloud-free hill tops above 800m: 80% lowering 10% by late evening.

Low Cloud and visibility: Mainly no significant cloud, but becoming extensive, base around 600m, during the evening. Visibility mostly good or very good, but poor or very poor in early valley mist and fog, and cloud and rain later.
